Q1 What was the first song you heard from Kagerou Project?

>> It's Kagerou Days. In the devastating lyrics, imagery and melody that's easy to get into, I was really surprised that a consistent storyline and world were included. There are elements of both horror and shounen manga, and I thought that it wasn't just another impressive song.

Q2 What is your favorite song from Kagerou Project?

>> It's Souzou Forest.
Coupled with the cuteness of the PV, I think it's a wonderful song that makes me feel warm after listening to it.

Q3 If you could have a character (1) from Kagerou Project as a sibling, who would it be?

>> It's hard not to choose Mary-chan but I want Kido-san!
Behind her calmness, she's also cute, even if she's the closest to me, I think it'll calm me down.
As an elder sister or as a younger sister, I think I can get along with her.

Q4 Which character from Kagerou Project would you want to hang out with?

>> I want to hang out with the Kisaragi siblings.
If something can be done to Momo's attention-catching ability, it'll be really fun to go out with her.
